## OPTIONS, MAKER OF UNFORGETTABLE MOMENTS

Dear customer,

To better meet your needs, we are pleased to announce that we have created two separate catalogues: one for tableware and one for furniture. This will allow us to offer more targeted, more extensive product choices than ever before.

Over 50 new items are waiting to be discovered in our tableware collection, while our furniture catalogue features products and ranges you won't find anywhere else.

Year after year, Options is proud to help you create standout events featuring our chic and exclusive products.

It's never been easier to own your event: pick and choose, mix and match, and browse our inspiration photos for fresh ideas.

Plus, when you request a quote on our website, you can visualise and compare countless combinations of table settings in real time, thanks to augmented reality.

Incredibly realistic, this amazing tool makes decision-making a snap, and our sales team will help you make the most of it.

## OUR SITES

Options is present in six countries:

You can find all our addresses at:  
[www.options.fr](http://www.options.fr)

## CONFIGURATOR

Compose your table settings, visualise our products in 3D and experience them in augmented reality!

Discover a tool that simplifies decision-making with true-to-life representations of our products. You can now:

- Project yourself into your event space
- Validate colour and design choices
- Share your ideas
- Request a quote for the table setting you've created

Check it out at [www.options.fr](http://www.options.fr)!

## CSR POLICY

Options offers its customers a furniture and tableware hire service integrating a CSR approach.

Hiring to avoid buying, hiring to avoid throwing away – our profession is at the very core of this commitment. At Options, our commitment to sustainable development is a logical step forward and is embedded in the ethical framework of our company.

We are committed to 3 areas of action in our daily operations:

### Economic Sustainability

- Our hire service is ISO 20121-certified, thanks to our sustainable supply chain management.
- Over 60% of our products for hire are made in France.

### Social Responsibility

- Safety in the workplace: annual assessment of occupational risks and implementation of preventive measures.
- Inclusion: our recruitment policy promotes hiring people with disabilities, working with ESATs (organisations that help people with disabilities find work).
- Quality of life in the workplace: annual survey and employee feedback.
- Training, especially safety-related training.

### Environmental Responsibility

- Our in-house manufacturing and repair workshops enable us to extend product lifespan, facilitate repairs and reduce the use of disposable packaging associated with new purchases.
- The majority of waste generated is sorted internally and recycled by our service providers.
- We build employee awareness about environmentally friendly practices.
- We have installed a biofuel tank, greened up our vehicle fleet and deployed solar panels.
