# METAL

*mix & match*

*Copper, the star of the industrial revolution is coming back with force to our buffet tables. Mixed with other golden and silver metals, it integrates perfectly into the decor. Adding little splashes of copper to your decoration, brings bursts of light to the table thanks to the reflection of the metal.*

*Brass, copper, steel, stainless steel, silver ... the different metals combine to make your receptions shine with elegance*

Discover a sample of our collection "METAL MIX & MATCH" :

1 : Brass leafed napkin ring - 2 : Pasta cooking station - 3 : Neo black cutlery - 4 : Champagne bucket stainless steel - 5 : Glass bread plate with silver thread - 6 : Platinum and gold Marquis glass - 7 : Equinox dresser basket - 8 : Gold serving tray - 9 : Golden spherical candle - 10 : Folding buffet corrugated metal - 11 : Copper candlestick - 12 : Genova table fork - 13 : Neo gold table knife - 14 : Neo copper service spoon - 15 : Plane dessert plate with gold thread - 16 : Cambridge riser

*Sparingly adding gold and copper (copper edging, cutlery, photophore candle holders, plate risers and stands) brings character to the table.*
