CIGARE lounge

The British style! The style « Cigar lounge » is on-trend again and appears with two faces. On one side, it is intimist and felt-like with its burnished Club armchair which is a pure gentleman style. On the other side, it is more contemporary with a loft style thanks to the purity of this salon with monastic simplicity.

*Convivial afterwork, a break among epicurians...
Warm or grey colours affirm their style
to revisit the Lounge atmosphere...*
