TRENDS

A romantic floral arrangement featuring a mix of white and light pink roses, white hydrangeas, and white lilies, all set against a backdrop of lush greenery. The flowers are arranged in a cascading style, with some resting on a white upholstered chair with a gold frame. A single white candle is held in a clear glass holder, and a string of white beads hangs from the right side of the arrangement.

Romance

DREAM

Romance is in the air, a mix of styles and influences: from vintage to understated furniture in natural wood with the gold detail of the charger plate and candle stick to complete the theme of romance.

The elegance of a romantic outdoor setting followed by a candlelit dinner..... Subtle touches to set the romantic scene.

Discover a small selection of our furnishings and tableware within our romantic theme. Talk to us about the theme you'd like to create. The Options team will be delighted to work with you to turn your dreams into reality.

Options will create the perfect romantic setting working to your vision.
